

2nd Annual Make-A-Wish® Equine Challenge

 February 14th, 2011 

The Dixie Reined Cow Horse Association would like to invite you to our 2nd annual evening of FUN and ENTERTAINMENT as they host a fund raiser for the Make-A-Wish Foundation® of Central and Northern Florida. This is a heart warming charity whose mission statement reads "We grant wishes to children with life-threatening medical conditions to enrich the human experience with hope, strength and joy."

The FUN will begin with a demonstration of Natural Horsemanship by Pat Parelli and his team.

The ENTERTAINMENT is when the Western Cow Horse Trainer teams up with a Professional from the English Jumping World and they must show each others horse. To be more specific the English rider will run a reining pattern and work a cow and the western rider will jump a course. "The entertaining part is to watch each rider out of their element."

Last year was a huge success with over 1,500 people in attendance making it possible to write a check to Make-A-Wish® for over \$11,000.00. We are again offering many levels of sponsorship and wish to thank you in advance for opening your hearts to help support this wonderful charity.

Food, Beverages and Flowers will be available so please join us with your sweetheart for what promises to be anything but the usual Valentines Day. 

The event will take place at the Ocala Equestrian Complex on Monday, February 14th, 2011 gates will open at 4pm, demonstration at 4:30, and main event at 6.

General Admission \$10.00.

Sincerely,
The Dixie Reined Cow Horse Association
